July 17, 2017

Welcome to South Mansfield College—Your School of CHOICE!

With the mandate to provide world-class quality education, South Mansfield College has continually provided dynamic and balanced learning opportunities to students over the years. This academic year is a milestone as SMC joins the Department of Education as we graduate our first batch of Senior high School completers who are equipped with national and international standards as well as 21st century skills. This attests to the quality international education the school is providing to its students. With **Growth Mindset and Grit**, we value the development of global perspectives, resilience, and an outlook of excellence and service.

1. **Academic Excellence:** Our winnings in MTAP and APSAM as well as our high general weighed average demonstrates that indeed SMC students are prepared well to hurdle academic rigors. With the Flipped Classroom and e-tablet in High School, students can access instructional videos and e-textbooks. Our Khan Academy in Math ensures that every student masters all the skills needed for the next level.

2. **Values Excellence:** Embracing Growth Mindset and Grit aims to develop the a culture and belief that people's most basic qualities can be developed through dedication and hard work—brains and talents are just the starting point. With this view, love of learning and resilience is developed which are essential for great accomplishment. Moreover, students and employees will sustain their engagement in community service activities through South Mansfield for Others (SFO) with our linkages with GMA Kapuso Foundation and Maynilad.

3. **Interpersonal Sensitivity:** A vibrant student life in SMC highlights the development of interpersonal skills. Students work in harmonious relations with others through After School Programs (ASP) such as varsity, interest clubs and advanced learning classes provide them opportunities to synergize and enjoy learning. Our CGS (Comprehensive Growth Series) builds empathy and self-esteem of the students.

4. **Drive and Determination to Achieve:** Achievers and students with high potentialities and giftedness will be provided with a weekly special class through the Visions and Tasks Circle (VAT) as well as through the Advance Learning Programs (ALP) and the Grow the Extra Mile (GEM) Award. This is to develop giftedness and skills in leadership, critical thinking, problem solving, as well as their inter- and intrapersonal abilities. ISO Certification will be also be sustained.

With this year's theme of "**Embracing Growth Mindset and Grit through the AVID**", all faculty, staff and parents vow to an amazing year for the SMC students and the community. Together, we can make our students achieve excellence in academics and values this Academic Year 2017-2018!

To our parents and guardians

We extend our heartfelt thanks to all Basic Education parents and guardians who attended the New Students and Parents' Orientation last July 14, 2017.

Our strong home-school collaboration will lead us towards the achievement of our students this academic year.

Your effort and enthusiasm serve as a spark for a stronger partnership towards the holistic development of our students.

EARLY DISMISSAL ON JULY 17-19

To ease traffic during the first days of school, the following dismissal time will be followed on July 17-19:

PS AM—11:00 AM PS PM—3:30 PM

Grade 1-2—1:00 PM

Grade 3-6—2:00 PM

Grade 7-12—3:00 PM

Accomplish Fetcher's Pass for your child's security

The Fetcher's Pass Form is a requirement in picking up/fetching the students every school day. It also ensures safety and security of the students.

Parents with more than one child to be picked up may accomplish only one Fetcher's Pass Form unless there are separate fetchers for each child.

VALUE OF THE MONTH: "INTERPERSONAL SENSITIVITY, EMPATHY, SHARING, RESPECT AND COURTESY"

VALUE OF THE WEEK: "GROWING IN EMPATHY FOR THE SOCIALLY DISADVANTAGED"

Ease first day of school jitters

With school starting, many kids get a little apprehensive about being on their own at school. They worry that no one will like them or want to be a working partner with them in class. There are a number of things that you can do to help squash the fears of your youngsters as school starts:

1. Remind them it’s the first day of school for everyone. Everyone has jitters on the first day and during the first week or so of school. Let your child know that everyone in the class is going to have the same fears as your child.
2. Encourage them to be themselves. While everyone wants to fit in, it is important that your child knows the best way to make friends is to be themselves. Let them know that it is okay to pick up a new “like,” but they don’t have to go out and buy everything that their new friend has.
3. Teach them the importance of a smile. Chances are pretty good that on the first day of school there are other shy kids that are afraid to be the first to talk to anyone. So tell your child if there is another child that they want to talk to they should smile at him/her and say hello. It is amazing the impact of a simple smile and the small phrase, “Hi”.
4. Ask about their day. Be excited about their school day. Ask how their day was and then listen actively to what they tell you. Show them that you are interested in what happened at school so they know that you are really excited about what excited them.
